"SALES THROUGH SERVICE"

IMC® & IRC® code* requires all outdoor access ports on A/C and refrigerant equipment be made tamper resistant. Effective March 2009, the IMC and IRC have made changes that affect the installation of both residential and commercial a/c, heat pump, packaged and ductless outdoor units. We are now stocking refrigerant caps to help you stay in compliance

Sale prices in this brochure are valid until March 31st 2017. Prices subject to change without notice.

Glide and Guard Floor Protectors

Glide-n-Guard is a total floor protection system with interlocking tracks made from special polymer plastics that allow virtually anyone to easily glide appliances for maintenance, cleaning or retrieval of dropped items.

WCI93001

Made In The U.S.A.

THHP Split Air Cooled Heat Pumps

AeroCon split heat pump systems incorporate high efficiency, scroll compressors and extended surface coils to increase the unit's operating efficiency and reliability. Systems are available from 1 to 2- tons of capacity and 2 cabinet sizes for customer flexibility.

FXC Classic Cabinet Series

The IEC FXC Classic Cabinet Series features a slender design, making it ideal for perimeter heating and cooling applications in public buildings, offices, hospitals, and hotels. The FXC cabinet is fabricated of heavy gauge steel. All FXC units have a removable one-piece front panel for easy access to all internal components. Standard FXC units are provided with an attractive powder-coat paint finish.

Features

- 200 to 1200 CFM
- An Eco-telligent ECM motor option with an efficiency range of 65 - 85% compared to the efficiency range of 30 - 40% on a standard PSC motor
- High performance hydronic coils that average 26% greater capacity than the previous Vertical series coils
- Filter replacements require no tools, so changing them is literally a snap
- Highly customizable cabinetry allows for flexible footprints making the "classic" series a great fit for new construction or renovation
- 3 Speed Wall Switch with OFF position

Benefits

- Application fit - available in eight nominal sizes for applications in a variety of room layouts
- Design flexibility - standard and high-capacity hydronic coils are available to match the space heating and cooling loads
- Ease of installation - factory assembly minimizes piping and electrical work required at job site
- Quality and safety - every unit is tested, inspected, and AHRI certified
- Ease of service - all components are accessible by removing the front panel, making them one of the most maintenance friendly units available

AeroCool DCW Series

The DCW Series of chilled water air handlers are designed to operate with centrally supplied chilled water source. Units are rated for use with 42°F, 45°F and 48°F entering water temperatures in the cooling mode.

These systems can also be used as a heating system when supplied with hot water instead of the chilled water. Units are rated for use with inlet hot water temperatures from 120°F to 180°F. These units are not recommended for leaving air temperatures over 140°F.

DrySafer Dryer Lint Alarm

DrySafer Dryer Lint Alarm is a unique device that detects insufficient airflow inside the dryer's exhaust ducts and the dryer's internal lint filter housing. If the airflow in the dryer becomes restricted because of excessive lint build up, it can cause the dryer to overheat and possibly result in a fire.

Blue Monster

Compression Seal Tape

Blue Monster Compression Seal Tape stops problem leaks while under pressure without turning off the water source! Developed for professional plumbing contractors, Blue Monster Compression Seal Tape is ideal for crisis and long-term applications. 12' roll

MIL76085	\$32.10
----------	---------

BLUE MONSTER

PTFE THREAD SEALING TAPE

Thicker, denser, general-purpose thread seal tape that comes in a monstrous 1,429" roll. That's 5 times more tape than conventional rolls of low-density thin tapes. Fewer wraps are necessary to affect a leak-proof seal and it applies easily. No waste and no re-taping make sealing joints a breeze.

MIL70885	\$2.97
----------	--------

Blue Monster Citrus Scrubs

Amazing cleaning action with pleasant citrus cleanser, Vitamin E, Aloe, and Lanolin for conditioning. These scrubbing towels are pre-moistened; heavy-duty cleaning towels dispensed from a handy, flip-top container that goes anywhere you go.

MIL77095.....75 count	\$16.46
-----------------------	---------

Degreasing Solvent 17oz

Powerful blasting spray removes grease, oily dirt and contaminants. This special formula is also suitable for cleaning equipment, tools plus parts. Meets or exceeds current OTC VOC requirements.

NUC4083-75	\$11.10
------------	---------

HVAC ODOR BLOCK

Eliminates odors caused by mold, mildew, bacteria, pets, smoke, musty odors, water damage, fire damage, paints, chemicals, animal decay, stale air, garbage areas, sewer gases, skunks, and more! Use in A/C units, furnaces, rooftop units, fan coil units, and air handlers. Residential HVAC Odor-Block treats up to 3 ton systems for 2 months. Commercial HVAC Odor-Block treats 10 to 15 ton systems for 4 months.

Model #14 - 59" high, weight - 40.5lbs
Designed for appliances both short and tall,
this two strap model holds any size appli-
ance firmly against the frame. Featuring two
ratchets and straps with four operating posi-
tions. Shift either to an upper set of slots for
tall items, lower sets of slots for low items.
NETM14-F \$359.45

Model #7 - 59" high, weight - 37.5lbs.
Light weight makes it easy to handle refrig-
erators, washers, ranges, water heaters and
TV sets on this standard size dolly.
NETM07-F \$326.69

Model #5 - 47" high, weight - 32.5lbs
The YEATS 'Shorty' is made especially for
handling TV sets, washer/dryers, room air
conditioners and similar smaller appliance
items. Extra handy for use with small trucks,
pick-ups and SUV's. Has all the construction
features of the standard YEATS model. Same
30-second ratchet strap and caterpillar step
glide.
